

SOUTH DAKOTA
DEPARTMENT
OF PUBLIC SAFETY

prevention — protection — enforcement

October 18, 2013

Shawn Musgrave
Muckrock News
Boston, MA 02205-5819

Mr. Musgrave:

The South Dakota Department of Public Safety, Division of Highway Patrol, has received a written request for documents and records pursuant to SDCL 1-27 et seq.

Your request is dated October 15, 2013. It was received October 16, 2013 and requests records relating to guidelines and other information concerning drones used by the South Dakota Highway Patrol. Your request was referred to my attention as the public information and records officer for the South Dakota Department of Public Safety.

The written request for documents and records is denied. The denial is because the South Dakota Highway Patrol has no drones and, therefore, no records related to drones.

Sincerely,

Terry Woster
Public Information Officer
SD Department of Public Safety
